Flash tube 3200 J / 5900 K	Art. no. 34.344.00
Halogen modelling lamp 300 W / 220 V	Art. no. 34.223.XX
Halogen modelling lamp 250 W / 120 V	Art. no. 34.221.XX

Barn door with 2 wings for Pulso spot 4

Art. no. 33.224.00

Stands

Mini-Hazy light stand

Art. no. 35.160.00

Compuls stand AC

Art. no. 35.113.00

Special features

For thermal reasons, a clear flash tube will be supplied. The Fresnel lens is UV coated for 5500 K.

Application

Pulso Spot 4 is used wherever direct lighting with an intense but graduated edge fall-off is intended. This holds true for fashion shots, reproductions rich in contrast such as leatherware and furs, for object shots in order to enhance specific points by lighting.

Arguments

Convenient operation by smooth adjustment of light angle - multiple use by extensive accessories ranging from light progression to a sharp delineation and slide projection.

Merits as compared to the broncolor Flooter consist in using a projection adapter, plus reduced dimensions.
